-  - Accessible to some people with disabilities
-  - Restroom at trailhead or in vicinity. Many restrooms are closed in the winter
- Paved—Asphalt or concrete
- Gravel—Gravel surface
- Natural—Improved natural surface trail

UTE PASS TRAILS

Ute Indian Trail ■ 3.2 miles; natural

Park at the Barr Trail Trailhead or along Ruxton. **Do not park in any of the Cog Railroad parking areas.**

This trail runs from Manitou Springs ending at private property near Cascade. It starts just east of the old incline depot (adjacent to the eastern most incline building – look for the white metal gate) across from the Iron Springs Chateau on Ruxton in Manitou Springs and stays above Ruxton, then goes up Rattlesnake Gulch along an old path. Once above the water plant, the pipeline trail presents a pleasant detour to the left. Otherwise, roads and paths branch off as French Creek is approached. Do NOT cross into the private property at the end of the trail.

Ute Pass Trail ● 8 miles; gravel and paved

Ute Pass Trail can be reached from west Hwy. 24 at the Green Mountain Falls Elementary School on Chipita Park Rd.. The part in Woodland Park can be reached behind Safeway on Hwy. 24.

Ute Pass Trail

This trail is currently completed from the Green Mountain Falls Elementary school to the Village of Green Mountain Falls. Additional trail has been completed in Woodland Park behind Safeway. The trail has also been built between Woodland Park and Divide (It is a road shoulder as you leave Woodland Park until you get to Edlowe Rd.) It is a key segment of the American Discovery Trail and the America the Beautiful Trail.
